

Product End-of-Life Notice

***** Attention *****

Date Issued: 11/21/2011

Dear valued Hemisphere GPS Customer,

This letter confirms to your company that Hemisphere GPS is discontinuing the manufacture of the products listed in the table below. In accordance with Hemisphere GPS' product discontinuation policy, we are hereby giving notice of these product changes so that your company can adjust its product purchasing records, or make any final lifetime purchases of the discontinued products that still can be supplied.

Last-time-buy orders must be received by Hemisphere GPS by the Final Order Date listed in the table below and may be subject to a minimum or maximum order size.

Hemisphere GPS will acknowledge each acceptable discontinued product order in writing, and will use its good faith efforts to meet your company's requested delivery date(s) wherever possible. Acknowledged delivery date(s) are deemed to be approximate because of the special circumstances associated to last time product manufacturing conditions, and Hemisphere GPS reserves its right to make changes in the scheduled delivery date(s) at any time.

Hemisphere GPS will accept last time discontinued products orders from your company as "Firm and Final". As such, these discontinued products orders will not be subject to reschedule, cancellation, or termination by your company without prior written authorization and payment of applicable termination charges.

Hemisphere GPS will continue to service these products until the products End-of-Repair Date. All existing online support materials will remain available and can continue to be referenced by our customers and partners until End-of-Support Date.

We thank you for your continued business. Please contact your Hemisphere GPS representative with any questions.

Product Number	Description	Final Order Date	Final Ship Date	End of Repair Date	End of Support Date
